

CHRYSALIS AT A GLANCE

empowering our community, one individual at a time

Vision & Mission

At Chrysalis, we know that a job is more than a paycheck; it provides autonomy, purpose, and the power to uplift families and communities.

That's why we **envision** a world where everyone has the opportunity to work and thrive. Our **mission** is to break down barriers for those facing the highest obstacles to employment, including homelessness, incarceration, and struggles with substance use.

More importantly, Chrysalis empowers each person we assist to recognize their inherent value. Everyone has something to contribute, and regardless of their past, their future can be something to be proud of.

Success

When a Chrysalis client secures a job, we invite them to ring the Success Bell, lovingly displayed in each of our centers, to celebrate their hard work and well-earned position.

“Don’t give up. If I can do it, so can you,” our clients often share to others in attendance. This ripple effect causes positive waves in our community...**and it all begins with a job.**

“Chrysalis has been a **life changer** for me. They gave me the support that I needed to **get a job and keep a job.**”

Maria

“It’s not just **what you put into the job**, it is what you put in **to change.**”

Dave

“When I got hired through Chrysalis, **I found purpose in life.** I have a steady job, I have a car, I have a roof over my head. I won!”

Mia
